

# DEPARTMENTAL ACTIVITIES

## A N A T O M Y

### SKILL ENHANCEMENT ACTIVITY (Rangoli competition & body painting games & communication 25.03.2024)

RGUHS-MBBS Result

MBBS batch 2023-2024 we had a flying passing percentage of **95%**.

### MBBS distinction candidates 13

Currently working as consultant in LHWRP's Healthcare Program, Lives Services for technical support in the development of project research, implementation, monitoring and evaluations processes. (1st December, 2022 to till date) (Dr. Sanjay Kumar Yadav)

Currently working as co-director of Adequacy of treatment and food practices in Diabetes and Hypertension: A Cross-sectional study, Funded by ICSSR. (Dr. Sanjay Kumar Yadav)

### APPLICATIONS

Variation in the branching pattern of External Carotid Artery , (Dr Suma , Dr Jaya shree )

Deltoid thickness at proximal Humerus and depth of the Axillary nerve at the proximal Humerus: a cadaveric study on Indian cadavers. (Dr Suma , Dr Veena S , Dr Sameeksha Shetty )

Histochemical study of acid mcins in osteoarthritic menisci of the man knee joint, Nepal medical college, March 2023: 25(1):64-72 ( Dr. Sanjay Kumar Yadav)

Department of Physiology takes pride in organizing "**International Yoga Day**" on 21st June of every year with great enthusiasm and spirit. Yoga is A Healthy Approach to enhance the Student's body and mind. The 1st MBBS students enthusiastically participated and enjoyed the day.

We had an overall 95+% pass percentage since many years with recent pass percentage of **97.4% with 12 glorious distinctions** at RGUHS level.

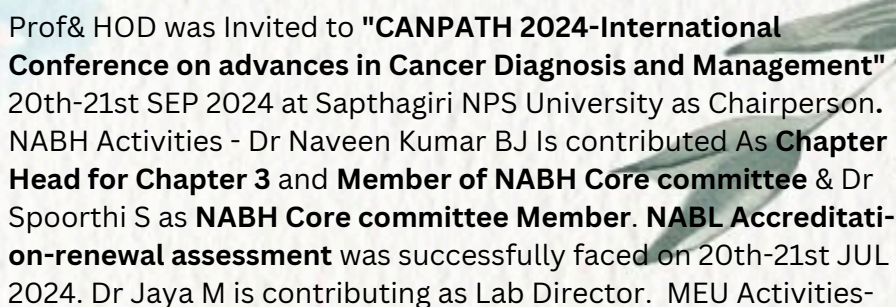

Faculties of department of Physiology are also engaging many research projects which are at institution and RGUHS level including publication of books with a sum of **48 research paper publications** so far.

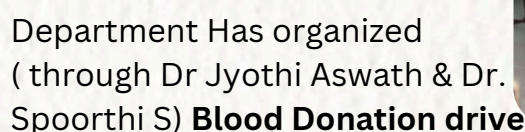

## P H Y S I O L O G Y

# PATHOLOGY

Department has published 3 articles.  
Dr Sharmila C, 2nd year PG has done 2 poster and 1 paper presentations at international CME and conference at JIPMER and Sapthagiri NPS University.

- **Mega Blood Donation Camp ( Sewa Pakhwada)** from 17th SEP - 02nd OCT 2024 and **World Blood Donors Day** on 14th JUN 2024. Workshop on '**Cervical Cancer Screening and liquid Based Cytology- method and processing**' along with Guest lecture was Done in collaboration with OBG department on 31st MAY 2024.

Faculty members have been actively involved in research and development projects, including :

Study of the pattern of adverse drug reactions in the Psychiatry department of a Tertiary Care Hospital , study of the types and treatment modalities of adverse drug reactions in the department of Dermatology in a Tertiary Care Hospital , A pilot study of Topical Timolol 0.5% drops in Acne Vulgaris in the Dermatology department of a Tertiary Care Hospital.

Faculty members have also participated  
In Conferences, seminars and symposiums  
Including:

**American Diabetes Association-** Best of ADA India 2024, **Dimensions in Diabetes** - The Endocrine Society's 10th Annual Program, **Sunrise 2024** - Respiratory Initiative Scientific Education, Best Of ACC - Cardiovascular Medicine Major Topics in Cardiology Today.

# PHARMACOLOGY

# FORENSIC MEDICINE

**AUTOPSIES:** We have performed 379 medicolegal autopsies and 3 clinical autopsies from various police stations in Anekal, namely Anekal, Attibele, Hebbagodi, Suryanagar, and Sarjapur police stations. We are a referral centre for tough cases, including cases from Bannerghatta and Jigani Police stations.

Department of Ophthalmology conducted a Guest Lecture On complicated Cataract by Dr.Ravi Vitreoretinal surgeon on 23rd AUG 2024 and a lecture on **Awareness of Hypertensive Retinopathy** By Dr.Rekha K R, organized by department Of Medicine on Hypertension Day On MAY 17th 2024. Clinico-pathological meeting conducted on 29th NOV 2024 at department of Pathology seminars hall, seminars : **Recurrent pterygium** by Dr.Dakshayini & Dr. Varsha, **Rare presentation of schwannoma in left lower eyelid** by Dr.Rekha

KR&Dr.Puneeth.The Department Conducted **Eye Donation Awareness Camp** From 25/08 - 08/09/24 and **Eye Donation Awareness and Pledging of Eye** Talk by Dr. Dakshayini and Dr. Rekha Sravya. Also Conducted **Ocular Trauma Awareness** Poster presentation for III MBBS. Department Is Conducting **DBCS Camps** In three areas under **National Programme for Control of Blindness** Allocated by Government of Karnataka to The Oxford Medical College. **School screening under DBCS program** Of Karnataka State - 6800 children were screened in Government schools attached to Ballur, ML Pura and Hebbagodi in OCT 24' - JAN 25'. The **Superspeciality Camp of Diabetic Retinopathy organized by BIOCON** by Dr.Rekha K R , Dr. Priyanshu,PGs & Interns.

The Faculty Of Department Of Ophth-almology published 6 Projects this Year, with 9 projects ongoing. Also Submitted 2 Thesis this year - a study To **correlate serum creatinine, Protei-nuria with Diabetic Retinopathy & Relationship between Body Mass Index( BMI) and Intra Ocular Pressure ( IOP) - An Observational Study.**

The Department of Biochemistry motivated on mission to excellence in medical education, high quality diagnostic service and innovative research. Driven by a vision to foster excellence in education, imparting knowledge to MBBS students, Interns, Postgraduates, and AHS courses through strong mentorship program. This goal is achieved by a highly trained faculty team. Faculty members continuously enhance their skills through various training programs, such as those offered by NMC and RGUHS.

Department is deeply involved in organizing educational programs, including CMEs, guest lectures, and **Biochemistry Day**, while also encouraging student participation through quizzes, poster presentations, and debates in biochemistry.

The laboratory is dedicated to providing accurate and reliable diagnostics. The staff is well-trained for **NABL, NABH, and ISO standards**. Equipped with high standard instruments - **spectrophotometers, immunoassay, and fluorescence immunoassay technologies**, the lab ensures **high precision and efficiency**. With **NABL accreditation**, it reflects a strong commitment to maintaining superior quality and competency.

The department is actively engaged in research, with over 20 publications in national and international journals over the past five years. Currently, there are four ongoing research projects, underscoring the department's commitment to advancing medical science. Notably, this includes an ongoing ICMR-funded student project for undergraduate students.

The department has maintained an impressive result rate of over 95% for medical students for more than five years, with the MBBS batch of 2023-24 achieving a pass rate of **95.17%**, and **31 students securing distinctions**.

Guest lecture-**Sensitization on Elimination of Vertical transmission of HIV & Syphilis** - Dr Deepak Murthy (State Medical Director, Svetana (PPTCT),SVYM) 12/01/24.

IPC Activities, BMW awareness-Biomedical Waste Segregation and Disposal -Skit.On World Malaria Day,II and III MBBS Students actively Participated.

**World Anti-Microbial resistance awareness week-** 18th to 24th NOV creating Awareness among patients and attenders. -> information regarding raising AMR- displayed in screens across different areas in the hospital for whole week.Awareness among the Postgraduates -> lecture By Dr.Rajini M. Awareness among II MBBS Students->On WHO Theme of Educate ,Advocate and Act Now. Awareness AmongCommunity-The Students of Sri Saraswati Vidyaniketan Bommasandra addressed in local language by Dr.Dhanalaxmi A.

This study has been **approved By ICMR** for Grants under Extra-Mural studies. **NeoDX Point Of Care Testing for the Detection Of Mycobacterium Tuberculosis and Multidrug Resistant Mutations in Pulmonary and Extra Pulmonary Samples** - Dr.Dhanalaxmi A.

3 Studies Are Completed and Published. 6 studies are ongoing.

The Department of Otorhinolaryngology has actively taken part in departmental research. The faculty and Post Graduates have successfully presented their publications in various International and National journals. The Department is in the process of procuring grant from multinational company in the field of implantation Rhinology.

The **state of Art Allergy clinic** has entered into third year of its establishment with successful intervention such as **Skin Prick test** and providing Immunotherapy and there has been satisfactory patient outcome.

The faculty and Post Graduates have presented in various **AOIKCON state and AOICON national conference** and various CMEs. Our department has successfully published and represented the institution through paper, poster presentations and thesis publications in various conferences and seminars. Faculties have enrolled in various up skilling courses such as Advanced Allergy Asthma & Immunotherapy course.

Our department has stepped into advanced technology such as **Coblation, Balloon Sinoplasty and Eustachian tube dilatation** moving with the upcoming trends. The department has conducted various outreach camps in far off areas in ENT and audiological services.

The Department of General Medicine had a remarkable year in 2024, making significant strides in research, education, and community service. Notable research projects included studies on **myocardial**

**Performance index,subclinical atherosclerosis in smokers, and the role of neutrophil-lymphocyte ratio in COPD.** The

department also explored important topics like acute kidney injury, malnutrition in chronic kidney disease, and the use of lipid profiles in cirrhosis of Liver .Eight Original Articles were Published in prominent national and

International journals. The department hosted a **state level CME on Infectious diseases**, and faculty attended advanced training programs in CBME . Dr Sethu V Madhavan, a renowned Gastroenterologist,

Contributed to **teaching programs on ERCP and colonoscopy.** Dr. Rakesh M P won the **first prize at the 98th IMA conference.** Regular

health camps and interdepartmental discussions enriched learning Experience. Additionally, **ART Centre** was established, enhancing the Department's outreach and service delivery.

P.G and staff have participated in various R & D projects undertaken, State and national conferences, seminars and symposiums.

**Dr Sushil Kumar B V Professor & HOD** has published 2 interesting case reports in international journal of medical and pharmaceutical research. **Dr. Lakshmi Prasad N Professor** has published 3 research articles in indexed international and national journals. **Dr. Vedavathi K Nandini Associate Professor** has published 4 research articles in indexed international journals. **Dr. Suhas N Bhushan Associate Professor** has published 2 research articles in international indexed journals.

**Dr. Manu S Senior Resident** has published 1 research articles in international indexed journals. The Department in **collaboration with neuro surgery department of Kavery Hospital on NeuroEndovascular Interventions** on 9/03/2023. A Guest lecture by Dr. Sethu Madhavan, A Medical Gastro enterology - USA on Colonoscopy And another lecture on GERD was Arranged online. On the occasion of **plastic surgery day** the talk on signification of plastic surgery was given by Dr. Srivatsa M Shet. In **collaboration with BRAINS Hospital** under the guidance of Dr Venkataramanna ,**dept of neurosurgery is opened.** On 23rd October a CLINICAL MEET ON **PREMALIGNANT CONDITIONS AND EARLY DIAGNOSIS OF MALIGNANT CONDITIONS** was organised in collaboration with Aster Hospitals. In the month of October 2024 a CME on **BRAIN ATTACK** was conducted as to bring awareness on stroke.

# GENERAL SURGERY

## P A E D I A T R I C S

A CME on "**High Risk Pregnancy: Obstetric and Paediatric Update**" was conducted on 01.02.24. the department actively participated in various public camps, Marry Foundation, RHTC, Nele Nanja -mma, Begur & Singasandra, Mathru Foundation, NBN Vidya Mandir, and the Samantha Shivshankana camp.

The Department also celebrated **Complementary feeding Day** and **Breastfeeding Day**. Another

CME, "**Approach to Paediatric Arrhythmia-Case-Based Scenarios,**" was conducted in association with Narayana Health on 10.09.2024. The department conducted the **IAP-NRP First Golden Minute Project** on 23.11.24, focusing on the Basic NRP Provider Course. Dr. Mallikarjuna was invited as a **chairperson for a webinar on responsive feeding challenges and recommendations** on 31st March 2024. The department also contributed to the expert discussion for the **Neolacta Court Case organized by BPNI-NAPI**. Dr. Mallikarjuna has served as the **National Vice President of the IYCF Chapter of IAP for four consecutive years (2022-2025)** and as the **IYCF State Secretary for Karnataka (2024-2025)**. The department played a key role in organizing the **National Conference on Developmental & Behavioural Paediatrics** at the Indian Institute of Sciences, Bangalore. The team was also invited as guest speakers during the **world breastfeeding week 2024** at Atal Bihari Vajpayee Medical College and Research Institute, Shivajinagar. 5 research studies were Published by Dr Mallikarjuna, 2 by Dr Krishna Malagi, 2 By the PGs, Total of 4 researches are ongoing.

The year started with a high note with the department organizing a CME about High Risk Pregnancy in collaboration with the Department of Pediatrics on 1<sup>st</sup> of Feb. This was followed by the enthusiastic participation of Postgraduates and Staff in the Inter-Department Meet on **Case Presentation on SLE** on 20<sup>th</sup> Feb. A Guest Lecture and Workshop was organized by the Department. Dr Nandini Manoli, Professor and HOD of Pathology in JSS Medical College conducted case based discussion on **Liquid Based cytology** on 31 May. All Staff and Postgraduates actively participated in conducting skill training sessions at **IATRIKOS** (30.07.2024-31.07.2024). **HPV vaccination drives** were conducted (3 sessions) on 31.05.2024, 01.08.2024 And 22.01.2025 and 350 participants were vaccinated. All Staff and Postgraduates are Involved In educating the public and providing antenatal care by participating in various Mobile camps, school camps, and ANC camps. Our Postgraduates Dr. Vathsala and Dr. Kanika Won 1st prize in Woman's Badminton Doubles in the 8th Annual Memorial Sports Tournament At The Oxford Medical College, Hospital And Research Centre. Our Postgraduates Presented Papers and posters on various topics at distinguished State Conferences like **KSOGA 2024**.

Dr. Krithika (Assistant Professor) co authored the paper titled '**Perinatal Depression and Breastfeeding Outcomes: a systematic review**' which was published in Journal of Psychiatry Spectrum 2025; 4:8-17.

**E** The Emergency Medicine Department is proud to have conducted its inaugural CME titled “**ACUTE MATTERS**” on 26/12/2024. The dynamic symposium discussed the breadth and depth of emergency care in various disciplines including obstetrics & gynaecology, pediatrics, general surgery and public health. Chaired by Dr SUDHA BR, Professor & HOD of Emergency Medicine and supported by a dedicated team of post-graduates & interns ably led by Dr. Savio Pereira, Associate Professor, Dr Brian D’Mello, Senior Resident & Dr Karan, Senior Resident, Department of Emergency Medicine, the event was a great success and well-received by attendees. Earlier in December, the department hosted two insightful guest lectures: “**ECG Basics & Syndromes**” by Dr. Chandramouli B.C. (Interventional Cardiologist) on 07/12/2024, and “**ARDS & Its Updates**” by Dr. Vishnu Kumar (Anaesthesia & Pain Physician) on 14/12/2024. The guest lectures have helped push further the frontier of excellent patient care across the hospital. Dr S S Koushik and Dr Akhileshwari B S, under the guidance of Dr Sudha and Dr Brian D’Mello, published a paper on “**Deceptively simple infection: A Study on Clinical Profiles of Elderly UTI Patients**”. Dr Mahesh A Hatti under the guidance Of Dr Sudha & Dr Sadasiva Raju has Published “**comparative Analysis of blood culture positivity rates among patient's stratified by sepsis score**”. Dr Koushik, Dr Akhileshwari & Dr Mahesh have presented papers at Andhra to wide acclaim. Dr Raviteja Nadig J, Dr Chetan & Dr Ambresh Parutabad at EM Karnataka.

**M E D I C I N E**

Successfully Organized two CMEs **“Strengthening Community Resilience – Optimizing Mental Health in Modern Era”** on 23rd May, 2024 in collaboration with Department of Community Medicine and **“Psychodermatology across the ages”** in collaboration with Department of Dermatology on 14th August, 2024

(ii) Three Guest lectures conducted on **“Spirituality and Mental Health”** on 26th June, 2024 by Dr. Ravi Shankar Rao, Psychiatrist, **“Mental health in Workplace”** on 10th October, 2024 by Dr. Somnath Chatterji, Retired Director of Department of Data and Analytics, WHO & **“lecture on CBT”** Ms. Shilpi, Psychologist on 15th December, 2023.

(iii) Started **“Manochaitanya”** programme on Tuesdays in Anekal taluk every month at different PHCs (Jigani, Attibele, Dommasandra & Chandapura)

(iv) **“World Mental Health week -2024”** three workshops, Poster making, reel making and debate competitions for MBBS students on 8th October, 2024 under the aegis of **“World Association for Psychosocial Rehabilitation - Indian chapter”**

v) Dr. Murai Thyloth was the **“President of Indian Psychiatry society- karnataka Chapter”** for 2023-24 and continues to do workshops and skills training programmes for Psychosocial Rehabilitation across the country as an expert in the field.

(vi) Dr. Varsha (Post graduate student) won 2nd prize in Paper presentation at **“Psychodermatology across the ages”**

#### Academic Activities

A Continuing Medical Education (CME) session on **“Psychodermatology Across the Ages”** was held on August 14, 2024, in collaboration with the Department of Psychiatry.

Guest lectures:

**World Vitiligo Day** (June 28, 2024): The department organized awareness programs at The Oxford Medical College Hospital and Research Centre. Dr. Harish delivered a guest lecture on vitiligo surgery during the event.

**World Leprosy Day** (February 4, 2025): Dr. Hanumanthayya K was the keynote speaker, delivering an insightful talk on leprosy awareness and management.

#### Community Outreach

**“ARIVU” Programme** (May 21, 2024): Conducted in partnership with IADVL-KN and BDS, this initiative aimed to educate students on skin health.

#### Faculty Achievements:

Dr. Anupama MP, Professor, participated in the **EADV Congress 2024** in Amsterdam, where she presented a research poster.

#### Student Achievements:

Quiz Competition (**CUTICON-KN**, November 2024):

Dr. Bhargavi C and Dr. Afrena Nilofer secured 3rd place in the state-level quiz competition.

**IAL National Conference of Leprosy** (January 2024):

Dr. Leena HN secured 3rd place in the oral paper presentation.

Postgraduate Examination Results (January 2025):

The 2021-2022 batch of MD postgraduates achieved 100% success rate"

Dr. Leena HN achieved distinction in the RGUHS examination.

**O** The Orthopedic Department has made significant strides in advancing **Orthopedics, Trauma, and joint care**, focusing on diagnosing, treating & Rehabilitating Musculoskeletal conditions. Another notable achievement is the evolution of joint replacement surgeries, particularly Hip & Knee Replacements. with advancement in Prosthetic materials & surgical techniques. these procedures now offer long lasting relief to patients with degenerative joint diseases. The success of these Surgeries has drastically improved the quality of life for countless individuals. More over the orthopedic department has played a key role is research & development providing tailored solutions for complex cases.

**R** The department's dedication to continuous education & training ensures that specialists remain at the fore front of medical advancements ultimately benefiting patient outcomes. As Technology & Research continue to evolve, the Orthopedic Department remains pivotal in improving, both quality and accessibility of care for patients with Musculoskeletal condition. Post graduate research projects under the guidance of Dr.Satish Kumar C & Dr. Rama Subba Reddy are on way with all faculty members having 4-5 National & International Journals publications.

**T** Department Events and Activities

**H** Participation of the whole department in the recently conducted **IOACON 2024 & KOACON 2025** with PG's presenting podium presentation of papers and poster presentations.

**O** Dr. Abdul Qadeer Patwegar participated in **Trauma conclave** conducted by American Academy of Orthopedic Surgeons (AAOS) in Mumbai to expertise in advance trauma care.

**P** **The department celebrated World Bone & Joint day.**

**A** **The department had successful 100% Undergraduate Pass percentage.**

The Department of Respiratory Medicine actively participated in multiple initiatives, including the reformation of the "**NTEP core committee**"and the establishment of an "**MDR-TB ward**". A "**Tobacco Cessation Centre**" was inaugurated virtually under the National Tobacco Control Programme.

Faculty And Postgraduates contributed significantly to

research, publishing in esteemed journals on topics "**Sputum cytology, PEFR and Respiratory Symptoms in people working in Petrol bunk of silicon city**"by Dr.Jyothi and Dr.Sandeep. "**An assessment of QOL in adolescent patients with Asthma through Physical, Social and Emotional Aspects**" by Dr. Sandeep. Case report on TB

**Addisons Disease** by Dr. Jyothi, Dr Keerthi, Dr Siddartha- published in IJRC. Conferences and symposiums were Attended, with presentations at **NATCON 2023** and **ICS Karnataka Chapter**. A Guest Lecture On **Pneumococcal Vaccination** was organized alongside a vaccination drive. Various activities were conducted, including World TB Day celebrations, World Asthma Day awareness campaigns, and a street play for World No Tobacco Day.

## Achievements of Department of Radio Diagnosis

### Publications from the Department:

1. Prevalence and patterns of Spinal disorders
2. Prevalence of incidental findings in CT Abdomen
3. Role of USG in Thyroid nodules
4. Role of Neurosonogram in preterm neonates

### Thesis, Posters and Papers by Junior Residents:

1. Role of TVS in AUB
2. Role of Doppler in Varicose veins
3. Role of CT KUB in UT obstruction
4. Case of Solitary Plasmacytoma
5. Dyke Davidoff Masson Syndrome
6. Case of Missing Spleen
7. Case of recurrent seizures
8. Case of Diffuse stomach wall thickening

**A** Two new modular superspeciality Operation Theatres were  
**N** opened for Neurosurgery and Joint Replacement Surgeries. The  
**A** department also provides pain management, labour analgesia  
**E** and ICU care. Dr. Saraswati Devi, Professor and HOD was Faculty  
**S** at CME conducted by **ISACON** Tamil Nadu at Hosur in March  
**T** 2024. She was part of various events at **38th ISA Annual Karnataka**  
**H** **state conference** in August 2024.

**E** 1. Pre conference workshop on **physics related to Anaesthesia workstation** Rajarajeshwari  
**S** Medical College and Research Centre, Bangalore. 2. Talk on **Awake Fiberoptic Bronchoscope**  
**T** **Intubation** with hands on workshop for the same At KIDWAI, Bangalore. 3. Judge for best paper

And E-paper presentation at IISC, Bangalore.

The Department conducts NABH activities like clinical audits, hands on training on Basic Life Support, Code Blue committee including mock drill headed by Dr. Bharati G. Dr. Ramya Rao & Dr. Yathish V were awarded third place in the **clinical audit- SEP 2024** for commitment

In improving clinical practice and patient care. Dr. Lakshmi BR, Dr. Yathish V, Dr. A K Sanga Mitra, conducted a workshop on **Airway device for paramedical students at 38th ISA Annual Karnataka State conference** at IISC, Bangalore

In AUG 2024. Dr. AK Sangamitra was Faculty for **masterclass**

**Y** **On labour Analgesia**, conducted by **YUVA ISACON** at Dehradun, Uttarakhand. The faculty and Postgraduates have published 14 studies in various Indexed journals and 5 ongoing.

# COMMUNITY

## LIST OF EVENTS

1. NATIONAL YOUTH DAY 2024
2. WORLD TUBERCULOSIS DAY 2024
3. WORLD HEALTH DAY 2024
4. WORLD RED CROSS DAY 2024
5. WORLD ENVIRONMENT DAY 2024

### National Youth Day 2024

Date / Time 12/01/2024 , 12pm

Event / Program -National Youth Day 2024-

Pick And Speak Competition And Poster Competition

Speakers -Dr.Lalita D Hiremath, Dr.Anand P

Participants- 2nd MBBS Students

### World Tuberculosis Day 2024

Date : 28th March 2024

Place : TOMCH & RC

On account of World Tuberculosis day the department Community Medicine hosted the " Scientia Phthisis" on Thursday 28th March 2024, the quiz on Tuberculosis was one of a kind exploring unique domains like history and major events

Sl No.	Camp	No. of Camps

	<b>Total</b>	<b>317</b>

### World Health Day 2024

Date/Time: 8/4/2024, 9.00am- 4.00pm

Event/ Activity/ Program: World Health Day 2024

Theme- My Health, My Right

Activities-

Health Booth (oasis)

Health ads

Speaker: Dr. Lalita D Hiremath

Participants: 2nd year, 3rd year and final year MBBS students

Place: Hospital Lobby

### World Environment Day 2024

Date / Time: 5th June 2024, 8:30 am to 1:00 pm.

Event / Program /Activity: World Environment Day 2024

Theme: Land Restoration, stopping desertification and building draught resilience.

Participants: Batch of 2022 (2nd Year MBBS students)

Place:

- 1.Hospital Lobby
2. Hospital Auditorium
3. Department of Community Medicine
4. Adigondanahalli Village

Activities Conducted

1. Students volunteered for cleaning activities at Adigondanahalli village where they collected 30 bags of littered waste. Students educated the villagers regarding the importance of keeping the surroundings clean.
2. Competition of "Reel Making" with relevance to the theme:
3. Plantation drive was conducted at Department of Community Medicine. Dr Rajani M, Dr Lalitha D Hiremath opened the plantation drive. Students were divided into groups and each group adopted the plant they potted and took responsibility of taking care of it henceforth.
